Dear Friend,

ALERT!!! Senator Charles Grassley has been working with Democrats on a health care reform package. Moving toward a single-payer health care system is not a good idea! Government cannot and should not make decisions about your health care. It should be between you, your family, and the doctor you have personally chosen. Help protect this freedom by getting involved!

This Wednesday, August 12, Senator Charles Grassley is hosting four town hall meetings to hear from his constituents. I encourage your participation at one of these town hall meetings to respectfully and politely share your concerns about a single-payer health care system. Americans want health care reform to address problems; not reform which continues to erode away our freedoms.

Below is a schedule of Senator Grassley's town hall meetings:

Winterset

Wednesday, August 12, 2009 9:15 - 10:15 AM
Winterset Public Library
123 North 2nd Street
